

MARKER PAINT AND ACCESSORIES

Environmentally responsible marker paints

MARKER PAINT AND ACCESSORIES

Environmentally responsible marker paints

FEATURES AND BENEFITS

- Free of harsh solvents such as Toluene, Xylene, Acetone, Trichloromethane.
- Fast drying with great coverage.
- Ozone friendly – does not contain harmful halogenic solvents or fluorocarbons.
- Safe to use on trees and grass with no harmful effect.
- Inverted cans for continuous upside down marking out.

ACCESSORIES

Improve speed and accuracy, and reduce back pain by using these marker paint accessories. They boast a simple and robust construction with few moving parts and can accommodate both the 400ml and 600ml cans with no adjustment necessary.

The Squirter Spotting Pistol is a pistol grip hand-held applicator for aerosol paint. Using the Squirter Spotting Pistol reduces the strain on your back when marking out.

The Linemarker Trolley is light and compact and has a single action height adjustment of the can for line widths between 35 and 80mm. There are two guidance options on the Linemarker Trolley. Use the front wheel for the centre line or swing out the pointer for a left-hand or right-hand guide.

Linemarker Trolley
